

## Diesel/UCI Mountain Bike World Cup - 1999

St Wendel, GER - xc#4 - 8-9 May 1999 - Report / Rapport - women/femmes Pezzo Back on Top

A win for mountain biking's glamour girl, **Paola Pezzo**, in a fast race at St Wendel confirmed that her world championships aspirations are alive and well.

After an emphatic win at round four of the cross country world cup Italian star, Paola Pezzo, 30, true to type brightened the podium by wearing a golden mini-skirt and go-go boots and then was whisked away on the moped of her team manager, Paolo Rosola.

The race itself was far from frivolous, however. Bright sun shone throughout, but the shortened, 7km, course at St Wendel, in Germany's Saarland region, remained slippery after heavy rainfall the night before.

A group of four riders pushed the pace and pulled the field apart on the first lap of five. By the end of lap one this group was 18 seconds clear of the chasers.

The lead group contained **Gunn-Rita Dahle** (NOR), **Alison Sydor** (CAN), **Alison Dunlap** (USA) and Pezzo. The chase group included **Caroline Alexander** (GBR) and the winner at Madrid two weeks ago, **Margarita Fullana** (ESP). **Annabella Stropparo** (ITA) was a further 20 seconds back, but advanced to join Alexander, while Fullana dropped back and then disappeared from the top 15.

In the windy conditions it was an advantage for the riders to remain in groups. Part of the strength of the lead group was its size. Alexander, in chase, never had more than one accomplice. and when Stropparo crashed hard on lap three, Alexander was on her own. She never made contact with the leaders, but took fourth place about ninety seconds ahead of Stropparo.

Early in the race, Pezzo emerged as the strongest rider. She used a combination of excellent handling skills on the slippery woodland trails and tremendous speed on the climbs to wear her rivals down.

Another point about Pezzo is that she was riding a bicycle with suspension at both the front and rear. In a press statement, her team explained the rear suspension was intended to relieve the strain on her lower back, where she has complained of pain throughout her nine-year career.

On the third lap Pezzo made a concerted effort to ride clear, into a solo lead. She attacked before a bridge on the top part of the course. This attack was too much for Dunlap, who dropped off the pace and faded to finish

tenth, but Dahle and Sydor were able to hold Pezzo's wheel for one more lap.

On the fourth lap Pezzo attacked again at the same point, and this time dropped her rivals. Dahle was the first to go. Some were surprised that Dahle was racing at all at St Wendel, for she broke a rib in a fall at Madrid two weeks ago and was in constant pain throughout the race today.

Sydor worked hard to keep in touch with Pezzo, but the Italian was too fast for her and finished with a margin of one minute.

Pezzo, formerly a post office worker in the small town of Boscochiesanuova, north-west of Verona, was the 1996 Olympic champion and won the world championships in 1993 and '97. This was her first world cup round win since round two at Silves, Portugal last year and it brings her total to 13.

Sydor's result today increased her lead over Dahle in the Diesel-UCI World Cup.

## **Quotes:**

Paola Pezzo, 1st

"It is a long time since I have won a race. It is good to win a world cup round, but my main objective remains the world championships."

Alison Sydor, 2nd

"Paola (Pezzo) rode well today, I think she made a better tyre selection than I did. I didn't think it would be as muddy as it was. But Paola was very strong."

Gunn-Rita Dahle, 3rd

(Who lies second overall in the World Cup) "I haven't given up on catching Alison (Sydor) yet.... Everything hurt more than at Madrid".
