Sari Jorgensen

Sari Jorgenson (gold medal)

"It was really slippery out there. I crashed two times in the final section of woods, I just hit a rock and went off my bike. I'm amazed by this result, after those crashes I really didn't think I'd do it. I lost five seconds in crashes."

Sabrina Jonnier (silver medal)

Jonnier was spotted running through the first wooded section where others had been riding. It is not known why she was running there.

Johanna Ruebel-Todt (bronze medal)

- Residence : Provence
- Other Results : 12th World Cup round at Sierra Nevada

"I was hoping for a good result today after finishing 3rd in the seeding run. I had some problems : I lost my pedals a few times and made some mistakes in the technical sections but no crashes."
